However, any reading of modern Japanese novels for instance the now celebrated ones of Banana Yoshimoto or mungu, a little systematic viewing of television or contemporary Japanese films or a browse through many of the magazines available in any bookstore reveal a profound preoccupation with the erotic, with violence and with hedonism Buruma ; These are not designed for although they are read by young gay men, but for men in their late teens and early twenties, who, as many Japanese are, are fashion conscious and have money to spend - money often generated not from indulgent parents, but from part-time jobs taken on precisely to feed the consumption habit. For example, very little reference is made to religion or religious values. JaneKenway. Character, according to TVWhite, is linked not to the spending or saving of money as in the USAhut to school achievement. Such ideas were rapidly

embraced by some prominent intellectuals, many of whom in Japan build their careers in commenting on and promoting the trendy. There are sociological as well as economic reasons for
