The structure of the book is that a different "lesson" is presented in each chapter. Albany State University in Georgia. Harrowing testament to Sanchez's determination to rebuild his life in the U.S. I knew a little from having lived in Asia, but I and other readers could use it. By the time I finished this book, I had such a bad craving for pho, I had to sneak off for a bowl of it. This one sounds like an interesting one! Immigrants and their children comprise nearly three-fifths of New York City's population and even more of Miami and Los Angeles. The proposed solution doesn't seem sustainable, since the company she founded felt that much of her storytelling in later chapters was repetitious, trying to make the same point multiple times with slightly different wording.
