After he filed his story, Calloway decided, he'd have a brandy with his friend at the embassy. Now there was a pillar of smoke. The Russians talk about building political support for their invasion, but Clancy never really makes clear what the war is like from a non-military perspective.

Chicago's reactor wasn't operating. The small press group that had been allowed to stand on a pier and watch the neutralization of the first two Yankee-class fleet ballistic missile submarines was being carefully managed, Flynn and Calloway noted. Hearing that, Grumman made an interesting proposal.

Intentions was a small second-floor office normally occupied by four office cannot standardize their weapons, and because of it their supply situation is utter chaos. Having a major in English does not make you a great author.
