The army was mobilised and the strikers ended their movement without condition, though certain of their demands were satisfied hour week, higher wages. The " regional powers " : Australia and New Zealand Australia and New Zealand, while sharing island country concerns about testing and New Caledonia, have generally adopted a measured approach, and have sought to encourage consensus positions and a constructive approach to disputed questions. Retrieved 20 September

In addition France is encouraging the movement of French business and investment. Australian governments also have been concerned that continued French nuclear testing in the region, in an era when both the United States and Britain have chosen to test at Nevada, has given anti-nuclear sentiment in the region a radical tinge inconsistent with Australia's measured approach. World population estimated at 5 billion.

Table 5. For its part, the New Zealand government has, in recent years, taken a measured approach to French nuclear testing in the region. Papua New Guinea, foreign policy issues relating to the French presence have fewer domestic implications, French aid is too negligible to give France much leverage, and the bilateral relationship is too weak for there to be many constraints on Papua New Guinea's freedom of action.
